FOREWORD

The Nineteenth Edition of the *Kansas Statistical Abstract* covers sixteen different categories of information including population; vital statistics and health; housing and construction; education; climate; employment and earnings; personal income; banking and finance; state and local government finances and employment; courts, crime and public safety; parks and recreation; communications; transportation; agriculture; mining and mineral products; and manufacturing.

Reader suggestions concerning ways to improve the *Kansas Statistical Abstract* or recommendations for inclusion of new information are welcome. Please address any correspondence to me at the Center for Public Affairs, University of Kansas, 607 Blake Hall, Lawrence, Kansas 66045, (913-864-3701).

PREFACE

The *Kansas Statistical Abstract* has undergone a major change in production methods with this year's edition. The data was entered with a spreadsheet program on a Zenith Z-100 microcomputer. Camera-ready copy of the tables was printed on a Xerox 2700 laser printer. As a result, *The Abstract* is available in a bound volume or on 5¼" PCDOS/MSDOS floppy diskettes in three formats.

Special thanks go to the following staff members at the Center for Public Affairs who contributed significantly in the preparation of the *Kansas Statistical Abstract, 1983-84*: Mary Brohammer, Word Processor; Laura Poracsky, Graphic Designer; Judy Schrick, Office Manager; Thelma Helyar, Librarian; and Bev Bray, Administrative Assistant. Arlene Slocum and Larry Hoyle spent countless hours writing the software for the laser printer and solving the many problems that arose during the production of *The Abstract* tables. Their hard work and limitless patience are greatly appreciated.

By providing unpublished data, state and federal agencies facilitated preparation of this edition of *The Abstract*. I would particularly like to acknowledge the assistance of the Department of Health and Environment, Office of Information Systems and Computing; Kansas Water Office; Kansas Crop and Livestock Reporting Service; Kansas Bureau of Investigation, Statistical Analysis Center; Kansas Department of Corrections; Kansas Department of Human Resources, Research and Analysis Section; Kansas Department of Revenue, Public Information Office; Kansas State Fire Marshal Department; Kansas Legislative Research Department; Kansas Park and Resources Authority; and the National Severe Storms Forecast Center.

It is hoped that the *Kansas Statistical Abstract, 1983-84* will serve as a useful source of information which pertains to the State of Kansas. Additional information in specific areas may be obtained by contacting the agencies cited at the end of the tables. Further reproduction of the data presented in *The Abstract* is permissible on condition that the source is cited.

*1981 through 1984 data are based on population projections developed by using the method of least squares regression based on U.S. Census figures.

r–revised.

NOTE: Population density is defined to be the average number of persons per square mile in a given area, i.e., the number of inhabitants in the area divided by the number of square miles in the area.

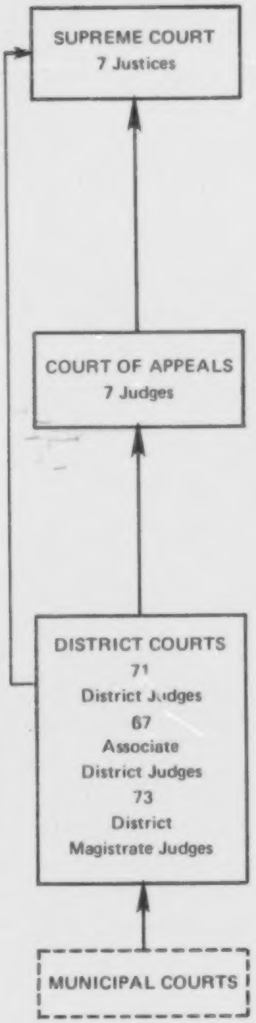
KANSAS JUDICIAL SYSTEM
(Unification January, 1977)



Original jurisdiction in proceedings in quo warranto, mandamus, habeas corpus, and direct appeals in criminal cases involving serious classes of felony or life imprisonment. Appellate jurisdiction in any case in which a Kansas or United States statute has been declared unconstitutional. (The Court has discretionary power of review over decisions of the Court of Appeals, and may transfer cases from one court to another.)

Intermediate appellate court with jurisdiction over all appeals from the district court except those reviewable in the district court and those in which direct appeal to the Supreme Court is required. (Effective 1978—exclusive jurisdiction over the review of orders or decisions of the state corporation commission in public utility rate cases.)

Court of record with original jurisdiction in civil and criminal cases and limited appellate jurisdiction. *District judges* exercise full power and authority of the Court. *Associate district judges* have similar jurisdiction except that they lack jurisdiction over class actions and actions in quo warranto or mandamus. *District magistrate judges* have jurisdiction over probate and juvenile matters, misdemeanors, felony preliminary examinations and certain civil actions involving amounts of $3,000 or less.

Municipal courts exist as entities of the cities which establish them, but they have jurisdiction over ordinance violations only, and therefore, are not state courts.

Unification of the state's trial courts was effective January, 1977. Probate, juvenile, county courts and magistrate-level courts of countywide jurisdiction were abolished. The jurisdictions of these courts were consolidated into the district court. A court of appeals was also established as an intermediate appellate court. The Kansas Supreme Court, Court of Appeals, and District Courts constitute the unified state judicial system in Kansas.

NOTE: Fire Department Reported Activity is a summary of activity reported by participating fire departments to the State Fire Marshal's Office during 1983. 1983 was the third full year of operation for this system. The 300 reporting fire departments protect 80% of Kansas' population.

[1] Total Responses is all fire department related activity. It includes fires, emergency medical calls, hazardous condition calls, false alarms, mutual aid, and other calls responded to by the reporting departments.

[2] Fire Related Injuries includes injuries to firefighters and civilians.

[3] Reflects the number of fire departments in those counties that had one or more fire departments reporting. The total number of fire departments that are listed in the Kansas State Fire Marshal Department is 819 at this time.
